Jerram Dawes joins Phoenix Temperature Measurement as Sales Manager

“We are pleased to announce that Jerram Dawes has recently joined Phoenix Temperature Measurement as Sales Manager. Jerram comes to PhoenixTM with knowledge of the Industrial Temperature Profiling and Heat Treatment markets with 20 years experience of working for a well-known temperature profiling equipment supplier. His previous market experience will be invaluable in helping him provide current and future PhoenixTM customers with a professional consultative service.

Jerram will be supporting the entire PhoenixTM range of ‘Thru-process’ temperature monitoring and TUS solutions used in Industrial Heat Treatment & Furnace Surveying, Paint Thermal Cure, Food Thermal Processing and Ceramic Firing Markets.

Jerram will be working alongside Mike Handscombe to support our activities in the USA.

Please join us in welcoming Jerram to the PhoenixTM team and what will be an exciting and challenging new role.”
